

- Size Range: 43 - 63cm
- Wireless Connection: BLE 5.3, 2.4 GHz (Upgraded)
- Charging Port: USB-C (Upgraded)
- Battery: 150mAh Li-ion
- Charge Time: 3 hours
- Usage Time: Up to 10hrs
- EEG Channels: 4 EEG channels + 4 amplified Aux channels
- Sample Rate: 256 Hz
- Sample Resolution: 14 bits / sample (Upgraded)
- Reference Electrode Position: FPz (CMS/DRL)
- Channel Electrode Position: TP9, AF7, AF8, TP10 (dry)
- EEG Electrode Materials: Silver thread fabric (dry) (Upgraded)
- Accelerometer: Three-axis @ 52Hz, 16-bit resolution, range +/- 2G
- Gyroscope: Three-axis @ 52Hz, 16-bit resolution, range +/- 250dps (New)
- PPG Sensor: Triple wavelength: IR (850nm), Near-IR (730nm), Red (660nm), 64 Hz sample rate, 20-bit resolution (Upgraded)
- fNIRS Sensor: 5-optode bilateral frontal cortex hemodynamics, 64 Hz sample rate, 20-bit resolution (New)
- Aux Channel Connection: Input range: 725uV AC signal (1.45mVp-p) with 1.45V DC offset; Aux channels are amplified like all other EEG channels
- Materials:
 - Pod: Polycarbonate plastic with soft-touch paint, magnets, glue
 - Soft Band:
 - Opal (Light): 79.7% Cotton / 13.5% Polyester / 6.8% Spandex
 - Carbon (Dark): 22.4% Rayon / 73.1% Polyester / 4.5% Spandex
 - Electrodes: 20% silver content, 80% polyamide fabric (nylon) (Upgraded)
- Weight: Approx. 41g
- Dimensions:
 - Module: Approx. 6 × 3 × 1.5 cm
 - Headband: Adjustable length approx. 48-63 cm, width approx. 3.25 cm
- Muse App Compatibility: Apple iOS 15, Android 8 or higher (Huawei devices not supported)
